Minneapolis, Minnesota 55435

Dear Mr. Sabee:

Staff at the Minnesota Pollution Control Agency (MPCA) have reviewed the proposed Magnolia Aquifer Testing Work Plan for the General Mills, Inc. East Hennepin Avenue Site. The proposed Work Plan outlines a logical approach to data collection in the interest of developing an effective ground water pump out system for the Magnolia aquifer. Accordingly, approval of the proposed Work Plan is hereby granted.

The MPCA looks forward to implementation of the Work Plan in accordance with the schedule previously submitted to and approved by the MPCA. Please keep us advised of further developments. If you have any questions, please contact Mark Schmitt at 296-7776.

Sincerely,

for Rodney E. Massey, P.E.
Director
Ground Water and Solid Waste Division
